A Corrigendum on

Evaluation of a Standardized Protocol for Plasma Rich in Growth Factors Obtention in Cats: A Prospective Study

by Miguel-Pastor, L., Satué, K., Chicharro, D., Torres-Torrillas, M., del Romero, A., Peláez, P., Carrillo, J. M., Cuervo, B., Sopena, J. J., Cerón, J. J., and Rubio, M. (2022). *Front. Vet. Sci.* 9:866547. doi: 10.3389/fvets.2022.866547

In the original article, there was an error in the Conclusions section, paragraph 1: “when using 250 g for 10 min a higher PLT concentration and lower concentration of WBC were obtained.” The correct text is “when using 265 g for 10 min a higher PLT concentration and lower concentration of WBC were obtained.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
